

**Petromix**

An ISO 9001 : 2015 CERTIFIED

*Offers its National & International customers with  
its unparalleled Range of Products like:*

## **All Kind of Additives For :**

**Engine Oil**

**Cutting Oil**

**Hydraulic Oils**

**Thermic Fluids**

**Rust Preventives**

**Bio Cleansers**

**Coolants**

**& Spl. Products**

Petromix

## **ENGINE OIL ADDITIVES**

- 1. EOA-3 (Multi Functional  
/ Purpose Additive)**
- 2. EOA-4 for 4T API SL**
- 3. V II - 785 (Chemical Base V II)**
- 4. TBN BOOSTER (CALCIUM PETROLEUM  
SULFONATE OVERBASE / NEUTRAL**
- 5. TBN BOOSTER (MAGNESIUM)**
- 6. MARINE OIL ADDITIVE  
(CALCIUM PHENATE TBN-250)**
- 7. ANTI WEAR / ANTI OXIDANT  
ADDITIVE (ZDDP)**
- 8. POUR POINT DISPERSANT (PPD)**
- 9. TACKIFIER**
- 10. ENGINE FLUSH**
- 11. 'D' FOAMNER (ANTI FOAM FOR OIL  
& WATER BASE PRODUCTS)**

Petromix

# LUBE OIL ADDITIVES

**(To Increase Performance)**

1. GEAR OIL ADDITIVE
2. GEAR OIL ADDITIVE WITHOUT SULFUR SMELL
3. NEAT CUTTING OIL ADDITIVE WITHOUT SULFUR SMELL
4. SIB (SULFURIZED ISO BUTENE SULFUR CONTENTS 44 TO 46%)
5. AIR COMPRESSOR OIL ADDITIVE
6. QUENCHING OIL ADDITIVE
7. THERMIC OIL ADDITIVE
8. ZINE FREE HYDRAULIC OIL ADDITIVE
9. UTTO / WET BREAK OIL ADDITIVE
10. LIGHT TQ OIL ADDITIVE
11. SANCOAT MKN (RUST PREVENTIVE OIL ADDITIVE FOR OIL / SOLVENT BASE & DRY FILM)
12. BARIUM PETROLEUM SULFONATE
13. SOLUBLE CUTTING OIL EMULSIFIER (DOSES - 12% TO 16%) Eco Friendly
14. GENERAL PURPOSE LUBRICATING OIL ADDITIVE
15. SPECIALITY PRODUCTS
16. TAILOR MADE PRODUCTS
17. SEMI SYNTHETIC CUTTING OIL EMULSIFIER
18. KNITTING OIL / SPIN FINISH OIL / CONNING OIL ADDITIVES

# RADIATOR COOLANT ADDITIVES

1. FREE COR - FGB (COOLANT ADDITIVE)
- 2., COOLANT THICKNER

Petromix

## **SPECIALITY OILS**

- 1. EDM OIL - 100**
- 2. ALUMINIUM PRESS / ROLLING OIL**
- 3. SS & NICHROME WIRE DRAWING OIL N - 286**
- 4. GEAR HOBBING OIL PERFORMANCE BOOSTER**

## **ANTI OXIDENTS FOR PLASTIC**

**(Controls fading and Cracking)**

- 1. : 671**
- 2. : 186**
- 3. : 101**
- 4. : UV Stabiliser**

## Petromix

It is a unique proprietary product developed specially for removal and prevention of rust on Iron Metallic surfaces and iron metal reinforced concrete structures.

### AREA OF APPLICATION

Rust & corrosion of Iron Metallic surfaces and iron Metal reinforced concrete structures.

### ABOUT RUST CONVERTER

The chemical mode of action of rust converters is the conversion of porous and loose iron oxide (rust) into firmly adhering iron phosphate layers. Rust Converter is a water base coating.

When used as a single coat, rust scales are converted into a dark black film, which retards further rust formation & also works as primer or base coat for any other protective coating.

#### Physical characteristics:

Colour	: Colourless
Odour	: Lightly
Aromatic	:
Physical state	: Liquid

#### Technical Data

Sp Gravity	:	1.02 +/- 0.030 Kg/Lt
ph	:	5.5 to 6.0
Inflammability	:	None
Adequate	:	
Temperature	:	Application to be done when surface temperature is $\geq 10^{\circ}\text{C}$ and $< 40^{\circ}\text{C}$

### APPLICATION METHOD

- Step -1 Remove loose paint / rust scales with wire brush. in of the metallic surfaces. these shall be Removed completely.
- Step -2 Give first coat o diluted Rust converter (1 part rust converter and 1 pat water) on to the cleaned surface. This will act as primer for Rust converter treatment.
- Step-3 Apply one coat of Rust Converter with brush or spray. It will form a black dark coating.
- Step-4 Apply second & third coat, each after 4-6hours gap for best results. It will finally form a blue - black dark protective coating on the metal surface.
- Step-5 It takes 48 hrs for complete process of rust conversion to protective coating.

## **CLEANING CHEMICALS**

1. WATER BASE CLEANSER-W (DILUTION RANGE 1:20)
2. WATER BASE CLEANSER-RP (WITH RUST PROTECTION  
- DILUTION RANGE 1:15)
3. ENGINE FLUSH
5. **ALL PURPOSE CLEANER (INDUSTRIAL / DOMESTIC USE)**
  - ITS AN MOLECULAR FORMULA NOT JUGGAD OIL.
  - SOFTEN LEATHER TO CLEAR BEFORE POLISHING.
  - PREVENTS RUST BUILDUP ON GARDEN TOOLS, WORKS MACHINES AND HOUSE HOLDS.
  - LOOSENS JAM NUT BOLTS.
  - METAL SURFACE CLEANER AND BRIGHTENER.
  - LIGHT MACHINE WHEELS TURNING SMOOTHLY.
  - LATCHES AND HINGES SMOOTHENER.
  - HELPS REMOVING STICKERS FROM NEW PRODUCTS, CRAYONS AND PERMANENT MARKS.
  - INDUSTRIAL AND AUTO CHAIN CLEANER.
  - ESSENTIAL FOR INDUSTRY AND WORKSHOP.
  - DEGREASE YOUR HANDS.
  - STOP WASTING MONEY ON SELF PRESSURIZED CANS.
  - USE THIS AND SAVE MONEY → →
  - AS A TECHNICAL PROFESSIONAL, MY DAY IN A FACTORY START AND ENDS AFTER WITH THIS PRODUCT

Petromix

## **COMPANY PROFILE**

**ESTABLISHED IN THE YEAR 1987. WE PAWAN & CO.**

**IS AN ISO 9001 : 2015 CERTIFIED CO.**

**WE ARE ENGAGED IN MARKETING AND IMPORT / EXPORT**

**WIDE RANGE OF INDUSTRIAL / AUTOMOTIVE LUBE OIL.**

**ADDITIVE, SPECIALTY PRODUCTS, CLEANING**

**CHEMICALS, ANTI OXIDANT FOR PLASTIC,**

**TAILOR MADE PRODUCTS ETC.....**

**OUR SOME PRODUCTS ARE IMPORTED AND**

**MANY PRODUCTS ARE PROCESSED IN NAGPUR,**

**INDIA BY QUALIFIED PROFESSIONAL**

**(QUALIFIED AND EXPERIENCED OIL**

**TECHNOLOGISTS) AT NAGPUR WITH**

**MODERN PLANT AND LABORATORY**

**TO MAINTAIN STANDARDS AND NORMS.**

**WE ARE SUPPLIERS TO PUBLIC SECTOR**

**COMPANIES DUE TO QUALITY AND TIMELY**

**SERVICE DELIVERY.**
