

# PACIFIC APLR LONG LIFE GREASE

## FOR MULTIPURPOSE APPLICATIONS

**Introduction :** PACIFIC APLR Long Life Grease is premium quality grease from lithium complex soap, highly refined mineral oils mixed with extreme pressure & anti-wear additives. It has high drop point, excellent roll stability, superior water washout resistance, low co-efficient of friction & high load carrying ability.

**Applications :** This Grease is suitable for ball & roller bearings lubrication where long life and trouble free performance are the essential requirements. It is recommended for high load and speed applications. Its adhesiveness helps to retain for long time. This grease is widely used in automotive as well as industrial segments for high temperature and speed applications.

### Performance Benefits :

1. Excellent water resistance.
2. High oxidation stability.
3. Maximum Structural stability.
4. Excellent anti-rust & anti-corrosion properties.
5. Excellent Lubrication under high pressure & temperature.
6. Exceptional load bearing capability.
7. Complete protection to anti-friction bearings.

**Specifications :** IS : 7623

### Characteristics :

<b>Appearance</b>	<b>Pacific APLR</b>
Appearance	Smooth Grease
Soap Type	Lithium Complex
NLGI Consistency No.	2
Pene. worked 60 X @25°C	280
Drop Point, °C	270
4 Ball EP Test, Kg	320
4 Ball Wear Scar Dia.	0.5
Rust Protection, EMCOR, Rating	"0"
Corr. Prev. properties Grease	Passes

**Pack Size :** 180 kg, 18 kg, 10 kg, 5 kg, 3 kg, 2 kg, 1 kg.

\*These Specifications are of a Particular Lot they can differ from lot to lot but will not effect the performance of the oil
