

PACIFIC MACHINOL

GENERAL PURPOSE MACHINERY OIL

Introduction : PACIFIC MACHINOL oils are general-purpose machinery oils manufactured from solvent refined base stocks with selected anti-rust and anti-oxidant additive package. They maintain a thin film of oil under light and medium load conditions and ensure complete rust protection even during idle periods.

Application

1. Recommended for lubrication of all types of industrial machines using once through lubrication systems.
2. Recommended for lubrication of machine tools, textile machinery and lightly loaded moving components of industrial machines.

Performance Benefits :

1. Effective lubrication under light and medium loads as they maintain thin film of oil.
2. Excellent rust and corrosion protection even during machine idle periods.
3. Perform well even under boundary lubrication conditions.

Specification : BIS: 11695

Characteristic

	PACIFIC MACHINOL
COLOUR (ASTM)	2.50
KINEMATIC VISCOSITY @ 40°C, cSt	118-125
FLASH POINT, COC, °C MIN.	200
POUR POINT °C, MAX.	-6
RUST TEST(D665)	Pass

Pack Size : 210 Ltrs, 50 Ltrs & 20 Ltrs

*These Specifications are of a Particular Lot they can differ from lot to lot but will not effect the performance of the oil
